Newsletter

Aug 2008

---

Welcome to our First newsletter we are putting out. We have a lot to cover, so lets get started. If you don't know My name is DJ Mike, of H-Town Texas. I have a 2<sup>nd</sup> job working fast food but my heart is in this 100%. The plan one day is get a FCC Radio License, and get a 200 to 1000 ft tower, and broadcast in Houston. Right now we are doing just the Internet 24-7. We play contemporary, praise, worship Christian music coast to coast and around the world using the best software there is. We have small bugs to fix everyday, but we are getting rid of those day by day. I have no experience in this, but with Gods help and a vision from God, he has a plan, and he has a way. So, we are starting small and then working big. In the Book of Matthew it declares that we should go out and minister to folk that don't know Jesus Christ, and needs some physical, metal help and healing. I could go more into the subject, but we are limited on this months newsletter. So, you will be hearing more about what we are about and what we do daily. Now to the fun part of this issue.

### **Live with Mike**

Live with Mike, is a show that covers todays issues up live or in studio interviews with Pastors, bands, and invited guest. Some shows will pre-recorded, and edit to fit the 2 hour show. **Now, back to the serious things:**

We are a listener supported station. That means, all of the bills, and the other great and wonderful things we need to spend money on including updates on the computer, and purchasing more equipment to better serve you, we need you to help.

This is what we have now that makes money for us. ECR has a tool bar. We make 20 cents per search from everyone that uses it to search with. The tool bar is safe and free. Head to our site to download it. Other that we depend on listeners like you to give to good ground. Every cent we get from you, I believe that you will get a 100% back in return. I know gas prices are sky high and barely making it, but have faith, send your seed faith offering to us, and we will be praying for you each and every day.

Things we are believing and inter seeding, and the funds we need.

This Month Goal: \$200.00

Next Month Goal \$200.00

Estimated Goal: \$800.00

**We need this much to buy new equipment: \$4000.00**

**So next month goal totals up to be \$4200.00**

So, will ya help us be a part of spreading good news coast to coast and around the world?

C YA NEXT TIME!!!
